A transformative new vision for engineering and computer science education has arrived. Now, we seek the support of generous visionaries like you to help bring it to life.

We are pleased to offer membership in our prestigious Transformation Founders Circle with your commitment of $50,000 or more to the College in support of the Transforming Our Future plan.

As engineers and computer scientists, we know that what can be done through collaboration far exceeds what can be done alone. Together, we will amplify our distinction in education and research, and enhance our impact on students, alumni, and our global community.

With your help, the College of Engineering and Computer Science will become a leading model for contemporary engineering and computer science education.

Support our transformation!

Your commitment of $50,000 or more will provide crucial, flexible support to advance the Transforming Our Future plan and address the areas of greatest opportunity and need in the College.

Join by June 2018 - the 50th anniversary of Link Hall’s groundbreaking - and your membership will be prominently recognized in the Allyn Family Atrium at Link Hall.

Secure your place in the Transformation Founders Circle today.

To learn more about the college’s comprehensive Transforming Our Future plan, visit ecs.syr.edu/transformation.
